coating your world

COMPANY PROFILE

2024

Your partner for
**POWDER
COATING**

People who have made powder coating their raison d'être and who always work to ensure the high quality of the product

OUR MISSION

is to create an optimal and long-lasting relationship with our customers through three fundamental elements

LOOKING AFTER SUPPLIERS

We select our suppliers based on their expertise and seriousness. Only with a long-standing relationship can you devote more time to research and innovation technology. They are the basis for the realization of each project

OUR COLLABORATORS

Zeus is a close-knit team: salespeople, designers and technicians work in total synergy to better understand customer needs, translating them into efficient, reliable and tailor-made technical solutions.

THE CUSTOMER AT THE CENTRE

For us, the acquisition of a new customer is not the end of the journey, but the beginning of a shared path which, thanks to our after-sales service, creates a relationship of trust that makes us an irreplaceable partner.

THE EXPERIENCE OF ZEUS

ZEUS booths, accessories and tools are the result of more 50 years of experience

We produce powder paint booths and equipment through a targeted choice of suppliers, with special attention to technology and certifications. Our consultancy, guaranteed by years of experience in the sector, allows us to create customized powder coating machines in every detail, as well as related accessories.

EQUIPMENT FOR

powder coating

SUSTAINABILITY AND ECOLOGY

Thanks to our cutting-edge equipment it is possible to reduce the percentage of overspray, which results in little waste and high profitability.

LEADING-EDGE TECHNOLOGY

Zeus technicians and engineers are constantly looking for the best efficiency and performance of the equipment. We maximize the transfer of powder to the piece, together with the high efficiency of the recovery of our booths.

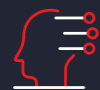

RESISTANCE

Zeus devices are made with high quality materials, designed to last over time and resist heavy use of painting systems. Our products are tested and certified, allowing us to find multiple solutions for our customers, both for large-surface painting jobs and for work requiring a high degree of finish.

OUR COMMITMENT FOR THE FUTURE

Being part of a local area means not only working internally, but also devoting more and more to the sustainability of our actions

DESIGN

Our powder painting systems and accessories are designed and made with the utmost attention to detail

RESPONSIBILITY

We are loyal to the customer and the product: day by day, we build a real relationship of trust

PROFESSIONALISM

We accompany each customer from design to implementation and from installation to after-sales training

MADE IN ITALY

Products are designed and manufactured in Italy by rigorously selected suppliers
